

SunChaser

TWO THOUSAND FIFTEEN

2015

LEADING THE WAY WITH TECHNOLOGY, COMFORT & CHOICE.

Every SunChaser is built on our three pillars of a better pontoon experience: advanced technology, comfort that's designed to exceed your expectations, and more choices to help you customize your pontoon and make it your own. Technology, comfort and choice — our keys to great days on the water.

TECHNOLOGY

As part of our commitment to continuous innovation, SunChaser incorporates sophisticated, real-world technologies into a superior pontoon design, outstanding features and quality-focused manufacturing processes. Choose your level of pontoon performance from a wide range of tube configurations, including X-Treme Performance Strakes, the PR25 center tube with an extended transom and 60-gallon fuel tank, and PTS, with improved water flow and high horsepower lifting performance at an affordable price.

COMFORT

Everything about a SunChaser pontoon is designed for maximum comfort and convenience. To begin with, our innovative floorplans are spacious, flexible and perfect for entertaining family and friends. And you won't find ordinary boat furniture on a SunChaser — our plush, overstuffed loungers create a luxurious living room on the water.

CHOICE

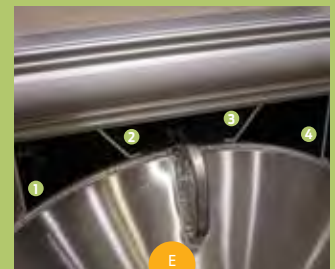

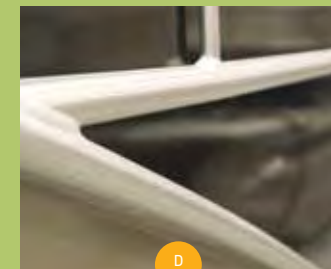

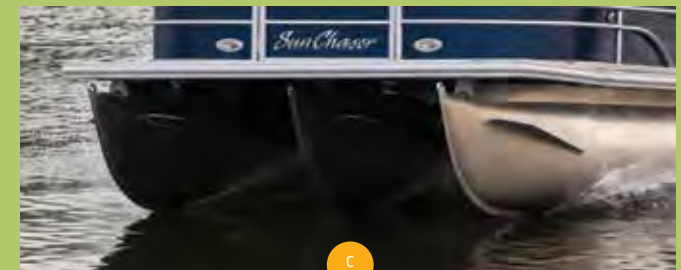

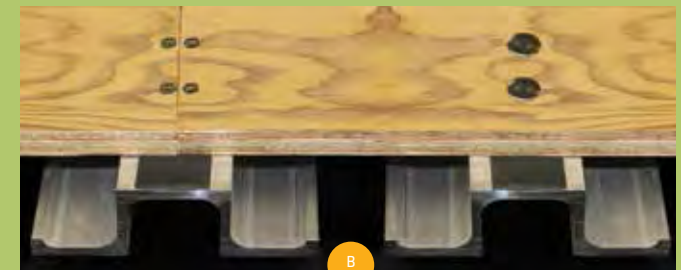

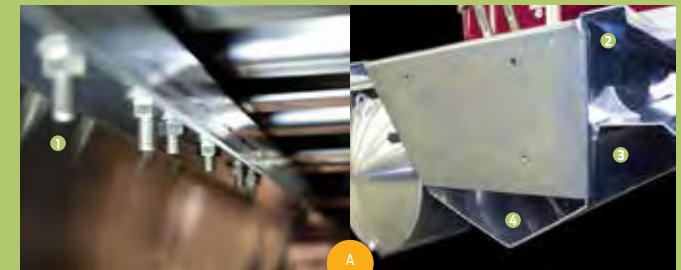

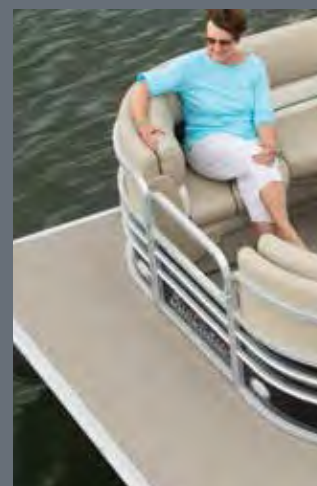

Virtually every aspect of a SunChaser pontoon can be chosen to create a boat just for you. From our wide range of innovative floorplans, to great options and packages, to colors and 8 different types of flooring that can be mixed and matched — it's all up to you.

Launch a lifetime of fun.

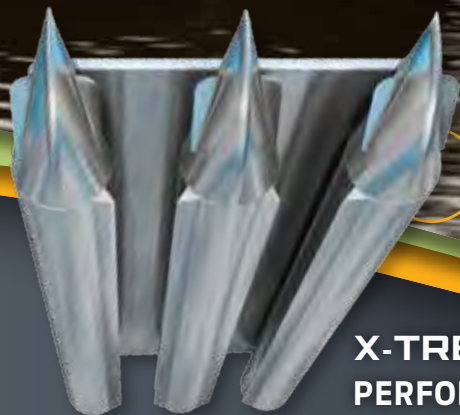

There's no easier way for you and your family to get out on the water than on a great SunChaser pontoon. These beauties have high horsepower capacity for exhilarating watersports and high-spirited cruising, and optional X-Treme Performance Strakes let you take the excitement to a whole new level. You can count on SunChaser for exceptional construction and reliability and outstanding features packages — plus, the peace of mind of the industry-leading Lifetime +6 warranty. Most importantly, you can be sure there's a SunChaser model that's right for your budget. So choose your SunChaser today, because lifetime of fun on the water awaits.

SunChaser offers a limited lifetime warranty on deck, tubes, transom and structure, along with a six-year warranty on everything else. See sunchaserboats.com for more details.

- A. THROUGH-BOLTED TRANSOM** | 1 – A one-piece body with an all-welded transom is built with .190 gauge aluminum and plastic reinforced on the inner transom. A pre-drilled motor mounted and attached with 20 bolts allows for the heaviest, high horsepower engines. 2 – .190 gauge aluminum is turned down for strength and structure. 3 – Spray deflectors with reinforced gussets push the water away. 4 – V provides clean water to propeller for better turning.
- B. CONSTRUCTED FOR ENDURANCE** | 3/4", 7-ply pressure treated plywood through-bolted and screwed to the hat channels to create the strongest seams and transom support in the industry.
- C. TUBES** | Tubes are made with one-piece .080 gauge aluminum with full-length keels and sturdy deck risers. Backed by a Limited Lifetime Warranty.
- D. FENCE & RAILING** | Features foam backing to prevent rattling and fully welded and anodized railing to add strength. Anodized welds are never painted. It's all backed by a 6-year warranty.
- E. 4 POINT DECK TO HULL FUSION** | SunChaser deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.

AGILE. THRILLING.
REMARKABLY AFFORDABLE.

**New X-TREME PR25
Performance Package**

- Performance Shield
- PR25 Center Tube
- 60 Gallon Gas Tank
- Performance Strakes
- Ski Pylon
- Sea Star Hydraulic Steering

**X-TREME
PERFORMANCE STRAKES**

INCREASE YOUR BOATING EXPERIENCE
WITH X-TREME PERFORMANCE STRAKES.

TAKE PONTOON EXCITEMENT TO A NEW LEVEL.

SunChaser pontoons offer you the perfect way to embrace the freedom of the water. From the moment you board a SunChaser, you're invited to disconnect from the hassle of life and celebrate all that a day on the water can offer.

With the addition of X-Treme Performance Strakes, your day's excitement is boosted to a whole new level. Designed with versatile performance in mind, these strategically positioned tubes dig in to the water and pivot with ease, so you can move over the waves with all the energy you'd expect in a pontoon built for agility.

Carefully constructed with attention to angle, placement, size and shape, X-Treme Performance Strakes offer better lift, less surface drag, increased speed, faster planing and a tighter turning radius. By adding horsepower, you'll have more power on your hands than you would have imagined from a pontoon.

All you need is sunshine, a clear blue sky and open water to indulge in the simple pleasure of a pontoon. If you're looking for a boat that offers the liveliness of a ski boat with the practical accessibility of a pontoon, look no further than SunChaser.

TRADITIONAL TUBE CONFIGURATIONS/CHARACTERISTICS

		PERFORMANCE	LIFT	HANDLING	FUEL ECONOMY
	TWO .080 ROUND TUBES Great for all-around boating	★	★	★	★
	TWO .080 ROUND TUBES WITH .060 ALUMINUM PERFORMANCE SHIELD Great for all-around boating with improved water flow	★ ★	★	★ ★	★ ★
